

YARIN HADAD

ירין חדד

English-language pop/rock with blues influences • vocals, guitar, keys

"in a noisy world, i create music."

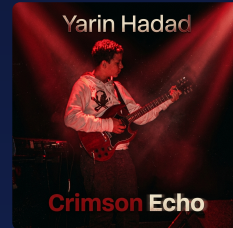

BIOGRAPHY

Yarin Hadad is an Israeli artist making English-language pop/rock with the blues running underneath. He sings and plays guitar, adding keys where a song calls for them – a direct, guitar-driven sound built around melody and feel. Across four singles, the focus has stayed on the songs themselves: voice, guitar and the space between them.

Hadad releases his music independently. His first single, "Free In Time," came out on May 30, 2023; the same day, he was interviewed on 103FM on Iris Kol's show. That July, the Keep Walking Music blog selected "Free In Time" as a Fresh Pick. "United" followed on October 19, 2023.

On February 1, 2024 he released "Oh My Life," whose cover art – a lone figure reflected on water under a blue twilight sky – mirrors the mood of the music. "Oh My Life" was played on Kan 88, and his songs have also been played on 103FM.

His latest single, "Crimson Echo," was released on September 28, 2026 – the newest chapter from an artist who sums up his approach in a single line: "in a noisy world, i create music."

New single: "Crimson Echo" (2026)
